TRAVELLING TO PORTO

Airport Transfer

If travelling by plane, there are several ways to get to the city center (hotel or ISEP). See links below for additional or updated info.

Subway (Metro)

The easiest way to get from Porto Airport to the city center is to take the metro. Line E (Violet) connects Airport Station to "Estádio do Dragão" Station, and, naturally, to all metro's network (Trindade station). The access to the Station from the interior of the Airport is extremely simple and practical, being fully signaled.

The occasional Andante title required for travelling between the Airport Station and Porto city center is a Z4. In the Andante shop located in the arrivals zone of the Airport you can also buy the Andante Tour, an unlimited and intermodal title valid for 1 or 3 days. The journey to the city center takes about 30 minutes and a single fare is €1.80.

Bus

There are regular bus connections to the city center (buses 601, 602, 604 and 3M serve the airport). A single fare is also €1.80 (Buses and Metro share the Andante system).

Taxi

Taxis are available 24 hours a day from outside Arrivals. A 20% surcharge is payable at weekends, on public holidays and between 21:00 and 06:00. Taxi service to the Porto center should cost about 20 euros and take between 20 and 30 minutes. Large size baggage may incur on additional cost (about 2EUR).

Uber / Bolt

Uber / Bolt is widely available throughout Porto and its suburbs, including the airport. During busiest hours in the airport the call could take some time.

Getting to the meeting

The ISEP is located in the main university area of Porto, 10 minutes away from the city center by subway. Easily accessible by public transportation, the campus is just across the IPO subway station (yellow) line.
